Dear Mr. Kęstutis Knizikevičius,

On behalf of myself and the citizens of Bauska Municipality Government, I would like to congratulate you on the election of Biržai Municipality Mayor. I express sincere wishes of luck, endurance, depth of thought and intuition, when taking matters that are important to your citizens, contributing to the development of the territory and overall well-being. Let your work be blessed with success and the well-being of the local community!

Last year cooperation between Biržai and Bauska Municipality Government has been strengthened by signing a cooperation and twinning agreement. I truly hope our cooperation will grow in several areas such as tourism, culture, education etc. I believe that by continuing to work together in the future, we will find many more things in common and ways to cooperate.

Yours sincerely,

The Chairman of Bauska Municipality Council Aivars Okmanis
